

Happy New Year!

Things were busy for the volunteers during the fall of 2024. Heritage School welcomed over 400 students from 19 total classes, representing 10 different schools, in October and early November. Students who visited came from area parochial, private and public schools.

Heritage School isn't just for children! In April a small group of adults toured Heritage School as part of a Lifelong Learning course offered through UW-Green Bay.

RCS Empowers in Sheboygan also brought a group on site in November. We are extremely grateful for the volunteers who hosted these adult experiences, as well as all of the school groups.

Thank you for your continued support of Heritage School. We are looking forward to spring and the visits from Sheboygan Area School District fourth grade classes.

With Appreciation,  
Friends of Heritage  
School Council
